Kathleen Milne

1. Here in this vil - lage you may see chil - dren li - ving  
2. Here we live and eat and sleep, talk and laugh and  
3. That our chil - dren so may grow in a world we

hap - pi - ly, diffe - rent race and diffe - rent land, here we come to  
some-times weep; here we share our hopes and fears, build a bridge a -  
did not know, sha - ring all they have to give, lear - ning how to

un - der - stand one an - o - ther's point of view,  
cross the years, sow a seed and plant a tree be -  
love and live. In our hands the fu - ture lies;

lear - ning through the things we do how a - like am I to you.  
neath whose bran - ches there may be all the na - tions ga - thered free.  
seize the mo - ment ere it flies.

Stamp the pre - sent with an act; dare to make our dream a fact.
